

Korrekturhinweise:

Die Aufgabe wird kriterienorientiert bewertet, wobei als Bewertungsgrundlage die Anlage 4a des [Abitur-KMS](#) herangezogen werden kann.

Folgende inhaltliche Punkte sollten in der Schülerarbeit enthalten sein:

- not much is left of the Berlin Wall today; most of the 160 kilometres have ended up as souvenirs
- the three places where small parts of the Wall are still in one piece are situated in a district called "Berlin Mitte": Liesenstraße, Niederkirchnerstraße, Bernauerstraße (memorial "Berliner Mauer")
- another place where Tony could get a feeling of Berlin's Cold War history is in the "Haus am Checkpoint Charly", one of Berlin's most popular museums, situated at the former crossing-point between the GDR and the American sector
- opened in 1963, the house was the place where many refugees from Eastern Germany were first welcomed and acted as an important base in the fight against the injustice of the former GDR
- in the museum there are interesting exhibits like hot air balloons and cars that were especially adapted, so that people could use them to escape from the GDR

Es ist zu beachten, dass einige Informationen des Ursprungstextes aufgrund der Situationsvorgabe weggelassen werden sollten:

- Erfolgsgeschichte von Herrn Pawlowski
- frühere Ausstellungen im Mauermuseum sowie Details zum Museum des internationalen gewaltfreien Kampfes
