Through the hours in darkness shrouded let me see Thy face un-clouded; let Thy glo - ry shine in this heart of mine.
 rest in sleep and silence seeking, let my hear Thee softly speaking; in my spi - rit's ear whisper I am near.
 let me know that Thou hat found me, let me feel Thine arms around me, sure from ev' ryll Thou will guard me still.
 voice, that oft' ðof love had told me; arms, so strong to clasp and hold me; thou Thy watch will keep, Savior, o'er my sleep.

Uh - - - uh - In this heart of mine.
 Uh - - - uh - Whisper I am near.
 Uh - - - uh - Thou will guard me still.
 Uh - - - uh - Savior, o'er my sleep.
